The evening begins with professional Psychic Medium, Judie Palmer, giving a brief description of the soul's afterlife journey and how they communicate with us. Judie will then turn her attention to friends and family members who have passed. Through her sixth sense abilities, Judie will receive and deliver their messages to those who knew them. Audience members are encouraged to respond to their messages only to validate the information given to them. At any time the receiver, if they feel necessary, may add any details they feel are appropriate.

For those who will receive a message, it may be from someone you didn't expect, a loved one you had in mind, or a message from your spirit guide. Whether you receive a message or not, you will feel connected and find the evening educational, heartwarming, and healing. Judie's down-to-earth approach, and the friendly ranch setting, makes everyone feel comfortable.
